Duty Assurance

Pay the right duty on imports. Claim every rupee back on exports.

Every Bill of Entry and Shipping Bill is checked against official CBIC and DGFT data before you file or pay, so mistakes are fixed while they still can be.

STEP 1
Upload
Invoice, packing list, BoE or Shipping Bill in one box

STEP 2
Check
Codes, rates, notifications and documents matched line by line

STEP 3
Fix
Clear flags, with questions ready to send to your CHA

STEP 4
File with confidence
A second person signs off and the evidence is kept

Imports

- HSN, basic duty, IGST and cess checked against the CBIC tariff
- Exemptions, FTA, anti-dumping and safeguard duty you qualify for
- Repeat invoices blocked; invoice, packing list and BoE matched

Exports

- ICEGATE Shipping Bills read automatically
- Drawback and RoDTEP rates checked on every line
- Exchange-rate differences flagged; money due back shown

Bonds & Licences

- Advance Licence, EPCG, bond and scrip balances in one place
- Each BoE debit and export obligation tracked
- Alert 10 days before anything expires

WHAT A CATCH LOOKS LIKE (EXAMPLE)

LINE ITEM	FILED HSN	SUGGESTED HSN	WHY
Industrial controller	8537 10 90	9032 89 10	Rate, notification and past rulings shown with the source

Every flag links to where the rate came from, so you can show your CHA, customs officer or auditor.

Important: Duty Assurance is a decision-support tool. Its checks are based on official CBIC, DGFT and other published sources available at the time of the check, and each finding shows its source. It does not guarantee any customs outcome, including the absence of queries, notices or demands, and is not legal advice. Final classification and filing decisions rest with the importer or exporter and their licensed customs broker.
